

- 1 The author organizes this passage by —
- A describing the different kinds of cars that are available
 - B listing the effects of driving for long periods of time in big or small cars
 - C contrasting two different opinions about the best car to own
 - D sharing personal driving experiences with big and small cars
- 2 Based on the information in paragraph 1, it is reasonable to conclude that small cars —
- F are easier to park
 - G cannot get into tight spaces
 - H are less likely to crash
 - J are more common
- 3 Based on the information in paragraph 6, the reader can conclude that large cars —
- A are less safe than small cars
 - B offer more protection than small cars
 - C produce more collisions
 - D are more comfortable
- 4 A belief shared about both big and small cars is that they —
- F save you money
 - G are more fun to drive
 - H are more comfortable
 - J use less gas
- 5 In paragraph 8, the sentence *Join the big-car craze* means that the reader —
- A should save up money to own a small car
 - B might want to consider owning a small car first
 - C would be crazy to own a big car
 - D should own a big car just as many other people do
